

I, Karen Hutchins, was one of Pete Fajkowski's first clients. After Texas passed the law to make home loans available, I was referred to Pete. While he was new to Texas, my loan was complicated and there were many delays, Pete prevailed. The loan closing was successful at a decent interest rate.

I enjoyed working with him as a fellow professional. Overall the transaction was a positive experience and I would definitely recommend him and his services to anyone needing a professional mortgage broker.
