

I would like to take this opportunity to express what a great service Mortgage Portfolio Services, Inc. is providing for folks like me. They helped me accomplish a home and land loan that I had no idea how to start, much less finish. They did all the leg-work and provided the knowledge and understanding necessary for me to reach my goal. I could not have made it without them. The staff at Mortgage Portfolio Services are friendly, caring and very knowledgeable. My hat's off to them -- Thanks more than I can say!!
